The screenshot shows a web browser window with multiple tabs. The active tab is titled 'SKILL AND JOB RECOMMENDER'. The browser's address bar shows 'localhost:8080/logout'. The website content includes a header with the title 'SKILL AND JOB RECOMMENDER' and a navigation bar with links for 'Gmail', 'YouTube', and 'Maps'. The main content area features a large blue chatbot window on the right side. The chatbot has a greeting: 'Hi! I'm a virtual assistant. How can I help you today?'. Below the greeting, there are two example messages: 'Hi' and 'Example: Check account balance'. There is also a text input field with the placeholder 'Type something...' and a send button. The chatbot is built with IBM Watson. The background of the website shows a desk with a laptop, a cup of coffee, and some plants. The Windows taskbar is visible at the bottom, showing the time as 2:28 PM on 11/18/2022.

**About us**

**Mission**

SKILL AND JOB RECOMMENDER is an organization with a vision to bridge the gap between academia & industry. Our outcome-based experiential learning programs on emerging technologies (Internet of Things, Machine Learning, Data Science, Artificial Intelligence, Robotics) are building skilled entry - level engineers, for the corporate world. .

**Vision**

Our main objective is to bridge the existing gaps between prevailing industry standards and what the academics offer to the graduates while passing out of university. Skill and Job Recommender offers suitable skill deployment and training to the young talent before on boarding their first job. Our skill development programs are designed considering the present expectations in the industry.
